

Plane Talk

August 2018

Weeks 2 & 4 are our flying weeks,
Weeks 1 & 3 belong to the carters.

AMA Chapter 385, Jackson, Mississippi
Visit us on the web at: www.CCRCC.org

Club Officers

President: Bobby Day
Vice President: Wayne Squires
Secretary/Treasurer: Jerry Bowen
Member at Large: D. J. Powell
Safety Coordinator: Dennis Conner
Newsletter Editor: Wayne Squires
Webmaster: Kirk Sansom

Club Meetings

We meet on the forth Monday night, 7PM in the food court of the Mississippi Outlet Mall. Prior the each meeting an email will be sent out to announce the meeting. Visitors are ALWAYS welcome.

Welcome

Spectators and friends are welcome to visit us at Hinkle Field located in Buddy Butts Park on North McRaven Road, Jackson. From I-20 west, take the Springridge Road (Exit 36) south 1½ miles to North McRaven Road, and then go east ¼ mile to park entrance. Follow the park road around to the north east section of the park. A current AMA license and FAA registration are required to fly at Hinkle Field.

Also please be aware that some FM channels have experienced interference. Do not use channels 16, 17, 21, or 44 at Hinkle Field. No problems have been reported with spread spectrum (2.4GHz).

July 23, 2018 CCRCC Meeting Minutes

- Wayne Squires

Called to order; 7:00pm
Attendance;

- Charles Williams
- Jerry Bowen
- James Robinson
- Wayne Squires

Treasurer report was given by Jerry.
The Club members in attendance tonight vote yes to linking the .org to the Godaddy site.

We have a new lock on the field gate. This one has a longer shaft and is much easier to open and close. Please note that the combination alignment line is not in the center. Jerry marked it with red paint. The combination is the same.

The city killed the wasp in the gate hinge.

Club members voted to only allow members to post on the club's Face Book page.

A discussion was held on various ideas of raising attendance to our fly-ins.

- All prizes listed will be given away regardless of attendance unless the fly-in is canceled
- Consider having events like:
 - Best flight
 - Best crash

- Most beautiful model
- Etc.
- Advertise prizes and consider non-modeling prizes.

Website under construction

Kirk Sansom is working on our website to get it back up and to save the club considerable money. I will ask him to give us a brief description on what he has done. Perhaps for the next newsletter.

Editor's Note:

Let's start listing projects, new planes, and maiden flights. If you have any of these email them to me at waynenjoni@gmail.com. These projects are coming into the news room at the screaming rate of none-per-hour. There may be some room for improvement.

Classified

The classified ads are open for any member, and do not have to be model airplane related. A member can also list something for a friend. If you have sold an item or given up all hope, please let me know so that I can remove it. Thanks, Wayne

Isaiah Johnson

I have a few aircraft that I would like to sell. One is a horizon hobby Sport Cub S, RTF. Also included are four extra 1s Li-pos that were purchased after the plane.

A phenomenal trainer in all respects, it uses different modes and bank limits so that someone can teach themselves to fly [not what I did, but the box claims "teach yourself to fly"]. If that is not what you have in mind, you could always bind it to a Spectrum transmitter and use buddy-box to train someone.

The other is a RocHobby yellow Waco biplane BNF or PNP.

Flies great once you get the cg right.

Along with great control over everything you do, it is rock stable and easy to land.

I am asking \$90 for the cub and \$60 for the Waco. Contact me at isaiahm1johnson@gmail.com if interested.

Robin Brumfield

Spektrum

- DX5e 2.4 GHz Transmitter
- Wingspan 59"
- Four 3200mAh 3S 11.1V 20C LiPo Batteries

- Eflite Plane and Batteries
- NEW Never Flown \$250.00

D.J. Powel has the following items for sale. They can be view at the following URLs:

<https://www.rcgroups.com/forums/showthread.php?3080860-FMS-Pitts-55%C2%94-PNP-new-in-box#post39676338>

<https://www.rcgroups.com/forums/showthread.php?3071123-Hubsan-H111D-with-antenna-and-lens-mod-RTF>

D. J. Powel

Hubsan H111D with antenna and wide angle lens mod in great condition.

I put about a half dozen flights on it before I dub thumbed it into some water. I put it in a bag of rice for a couple days and put about a dozen more flights on it. It didn't even phase it. I get solid 4.5min flights out of it easily. Transmitter screen still has the clear protective film on it. Built in DVR records to a micro sd card. Comes in the original packing and a bag of extra props.

\$40 shipped, conus. Offers considered.

For some reason the video quality went way down with the youtube conversion. The actual video is much better.

Jerry Bowen listed the following items for John Harper:

I am not interested in selling my material piece mill. I want to sell everything to one individual and allow them to then make a profit selling to club members. I hope someone is interested. Thanks for your response. John Harper

I am getting out of the model airplane hobby; I have flown RC since 1969. Recently my wife sold our home and moved to a garden home. No room for a shop. I am looking for someone to buy everything I have in the hobby line. Following is a partial list: Many other small items. My telephone number in Starkville is 662-324-8424. Be happy to bring all items to Jackson.

- 12 electric motors including 3 OS 10s
- 20 sets of wheels in various sizes from 1 to 3 inch
- 9 2.4 GHz receivers
- 6 72 MHZ receivers
- 1 Spectrum 6 channels transmitter
- 1 72 MHZ Tower 6 channel transmitter
- 6 airplanes complete ready to fly
- 30 APC props in various sizes
- new battery charger
- 20 lithium polymer batteries all 3 cell ranging from 2100 mhATO 1100 MHA
- New heat gun
- Several rolls of shrink wrap

Contact John Harper
at: harper@maxxsouth.net

Classified note:

If you no longer have your items for sale, please let me know so that I can remove them from the newsletter.

Thanks,
Wayne waynenjoni@gmail.com

Parting shot:

My newsletter templet went over to the dark side. It would no longer switch between headings, captions and normal text. In desperation I copied small segments into a new document as "unformatted text only". This worked but burned lots of time getting everything lined up again. Following that fun, it had to reinsert all of the pictures. If some of the sentences don't seem to make sense, just jot them down and we will diagram them at the next meeting. Ha Ha.

If you are planning to fly, please email the club so that you may have company. Also if you change your mind please email the club so that no one shows up alone. It is not safe to fly by yourself.
