

# Plane Talk

March 2017

**Weeks 2 & 4 are our flying weeks,  
Weeks 1 & 3 belong to the carters.**

**AMA Chapter 385, Jackson, Mississippi  
Visit us on the web at: [www.CCRCC.org](http://www.CCRCC.org)**

## Club Officers

President: Bobby Day

**Vice President: Lynn Roberts**

Secretary emeritus: Andrew Pickering

Treasure: Jerry Bowen

Member at Large: D. J. Powell

Safety Coordinator: Charles Williams

Newsletter Editor: Wayne Squires

Webmaster: Kirk Sansom

## Club Meetings

Providing the weather is good, we meet at 10AM at the field on the fourth Saturday. If the weather is bad we meet on the following Monday night, 7PM in the food court of the Mississippi Outlet Mall

Prior to each meeting an email will be sent out to announce the meeting place. Visitors are ALWAYS welcome.

## Welcome

Spectators and friends are welcome to visit us at Hinkle Field located in Buddy Butts Park on North McRaven Road, Jackson. From I-20 west, take the Springridge Road (Exit 36) south 1½ miles to North McRaven Road, and then go east ¼ mile to park entrance. Follow the park road around to the north east section of the park. A current AMA license and FAA registration are required to fly at Hinkle Field.

Also please be aware that some channels have experienced interference. Do not use channels 16, 17, 21, or 44 at Hinkle Field. No known problems have been reported with spread spectrum (2.4GHz).

## Sad News for Us, Great News for Secretary Andrew Pickering.

Andrew has accepted a new job with Universal Studios in Orlando, Florida. The bad news for us is that we will miss his commanding smile and lose a great secretary. CCRCC will greatly miss your wonderful personality; however we all join in to wish you the greatest of success in your new position.

## February Swap Meet

This was our best swap meet in many years. It was well attended, the selection of goodies was great and best of all, everything was priced to sell!

**Bringing in more stuff**

In the distance you can see the coffee pots being serviced by Jim Coker. Jim was no doubt the most appreciated club member at the meet.

**Thanks Jim!**

**Engines, Radios, Kits, ARFs etc.**

**A table full of new kits and a large box of new engines**

**Reminder,** The Magnolia FLY IN event has been moved to May 13<sup>th</sup>

## **FAMOUS LAST WORDS**

**From:** The Daily Encourage  
**Submitted by** Phillip Knight

Consider these quotes from the past:

"This 'telephone' has too many shortcomings to be seriously considered as a means of communication. The device is inherently of no value to us." - Western Union internal memo, 1876.

"Everything that can be invented has been invented." - Charles H. Duell, Commissioner, U.S. Office of Patents, 1899.

"The wireless music box has no imaginable commercial value. Who would pay for a message sent to nobody in particular?"

- David Sarnoff's associates in response to his urgings for investment in the radio in the 1920s.

"I think there is a world market for maybe five computers." - Thomas Watson, Chairman of IBM, 1943

"Computers in the future may weigh no more than 1.5 tons." - Popular Mechanics, forecasting the relentless march of science, 1949

"I have traveled the length and breadth of this country and talked with the best people, and I can assure you that data processing is a fad that won't last out the year." - The editor in charge of business books for Prentice Hall, 1957

"But what ... is it good for?" - Engineer at the Advanced Computing Systems Division of IBM, 1968, commenting on the microchip.

"There is no reason anyone would want a computer in their home." - Ken Olson, President, Chairman and Founder of Digital Equipment Corp., 1977

"640K ought to be enough for anybody." - Bill Gates, 1981

It's amazing that we've accomplished so much technologically in this country considering the pessimistic views held by many (even more amazing when you consider that some of the achievements eventually came from people who at one time held the pessimistic views themselves).

What is your vision for the future? What would you like to accomplish? More to the point, what would you like to see God accomplish through you? There will likely be someone around you ready to tell you that "it can't be done", or "we've tried that before with no success", or "it's too much trouble".

And they may be right. Or they may have a "grasshopper complex" like the ten spies in Numbers 13 who were unable to see what God could accomplish because they were looking so intently at the obstacles in their way.

"Now to Him who is able to do exceedingly abundantly above all that we ask or think, according to the power that works in us, to Him be glory in the church by Christ Jesus to all generations, forever and ever. Amen." (Ephesians 3:20-21)

May the God who can do more than we can even imagine (and I can imagine a lot!) be with you this day.
